

٤١. وقد روي عنه (عليه السلام) هذا المعنى بلفظ آخر، وهو قوله: قَلْبُ الْأَحْمَقِ فِي فِيهِ، وَلِسَانُ الْعَاقِلِ فِي قَلْبِهِ.

41. This very sense has been related from Amīr al-mu'minīn, peace be upon him, in a different version as follows: The heart of a fool is in his mouth while the tongue of the wise man is in his heart.

ومعناهما واحد.

The meaning of both the sayings (40 and 41) is the same.
